Let me know if we should just call this individual directly or provide him with a call in number.

There is public parking at our building (the underground parking garage is accessed from Wilshire Boulevard), but we don't validate parking. We're also just a block from the 7th and Metro Redline station.

No problem Lauren. I'm glad it worked out. Talk to you on Friday. We should be sending out a draft agenda later today for folks to react to. You should be prepared to highlight City activities related to Exide, just 5 minutes.

Hi Steven, Enrique,

It may just be me on Friday. Matt has a personal conflict at that time.

Thanks for making it work in your office.

Good morning Lauren – I understand that you and Matt Petersen will be participating in the Exide meeting EPA has organized for this Friday, 1-3pm, by VTC from the EPA field office in Los Angeles. Abi has already given you the address (600 Wilshire Boulevard, LA, Suite 1460). I'll have your names put on the building's security list so you'll only need to check in with the lobby security on Friday and they'll give you access to our office on the 14th floor. Please let me know if there are any other participants from the City so that I can register them on the security list as well.

Thanks.

Steven

Romie will be in SF tomorrow and Thursday, off on Friday. I'll reach out to Lauren and have her coordinate with me.

Thanks!

Hi, Lauren

The other choice would be if you want to walk over to our LA office and we can hook-up the video conference from there. Let me know if that works for your team.

Thanks, abi

Matt and Lauren would like to participate in this Friday's meeting via VTC. I think we can do that and Lauren will investigate her end and send you a contact person.

Contact information below. Jeanalee will not be able to participate.
